

White NBR FDA Certified

Color: White

Finish: Both sides smooth

Temperature range: -25°C - +100°C

Features: Nitrile rubber sheet has oil resistance, wear resistance, acid and alkali resistance, etc., and also has good weather resistance and corrosion resistance. Nitrile rubber sheets are widely used in petrochemical, automobile manufacturing, food processing, medical equipment and other fields. It has relatively strong oil resistance but may be less elastic and abrasion resistant.

		Test method
Specific gravity grs/cm ³	1.45±0.05	ASTM D297
Hardness shore A +/-5°	65	ASTM D2240
Tensile strength Mpa	8	ASTM D412
Elongation at break %	350	ASTM D412
Compression set at 70°C for 22 hours %	40	ASTM D395
Tear resistance	20
